

CERTIFICATE

This is to certify that

JENOPTIK Optical Systems GmbH

Göschwitzer Straße 25
07745 Jena
Germany

MORE LIGHT

with the organizational units/sites as listed in the annex

has implemented and maintains a **Quality Management System**.

Scope:

Development, production and distribution of hardware and software systems and components of optics, laser technology, digital image processing, optoelectronic sensor technology and semiconductor layer structures as well as laser bars and single emitters. Development, production and distribution of optical components made of plastic, opto-mechanical and optoelectronic assemblies, surface technology, tools and molds
Development, production, sales and service of high-precision, tactile and non-tactile industrial metrology as well as 3D laser systems for cutting, welding and perforating of plastics, metals and sensitive materials.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 9001 : 2015
