3
Outlook

4
Appendix
Successful start to fiscal year 2017 with rise in revenue and improved operating result

External framework conditions

– Economic framework conditions slightly improved, among other things
  ▪ Increase in China’s economic output
  ▪ Rising oil price
Nevertheless:
  ▪ Geopolitical tensions: Brexit, Turkey, Middle East
  ▪ Protectionism in global trading
– Consolidation trend in our markets

Major events in the Jenoptik Group

– Dr. Stefan Traeger has been the new President & CEO since May 1, 2017
– Numerous major orders received will support future growth
– Largest single investment in technology campus for metrology and laser machines at the US location in Rochester Hills
– Acquisition of ESSA Technology, UK, in January 2017
New Technology Campus in Rochester Hills, Michigan, USA

- Start of business operations planned for mid May
- Investment of 14 million euros for expanding business in North America
- State-of-the-art technology campus for engineering, production, sales and service for metrology systems and laser machines
Revenue rose as expected

- Growth in the Optics & Life Science as well as Mobility segments
- Stronger demand, among others, for optical systems from the areas of information and communication technology as well as semiconductor equipment, for medical technology, traffic safety systems as well as for metrology systems from the automotive industry
Rise in revenue was achieved exclusively abroad

- 69% of revenue generated abroad (prior year 65%)
- Americas: marked rise in revenue, due to the positive development of all three segments
- Europe: growth in the Optics & Life Science as well as Mobility segments
- Asia/Pacific: slight decline in all three segments
- Share of revenue generated in the Americas and Asia/Pacific together rose to 34.6% (prior year 30.8%)
Successful development of the operating result as scheduled

**EBITDA** in million euros

- EBITDA rose at a faster rate than revenue
- EBITDA margin at 10.8% (prior year 10.5%)

**EBIT** in million euros

- EBIT also showed stronger growth than revenue
- EBIT margin at 6.7% (prior year 6.1%)
- Rise due to a more profitable revenue mix
- Optics & Life Science with substantially higher EBIT contribution

* In 2016: continuing operations
More profitable revenue mix led to a higher gross margin and contributed substantially to the improved result.

- Cost of sales rose at a slower rate than revenue, gross margin improved
- Administrative costs increased due to the change in the Executive Board, the higher valuation of the share-based remuneration as well as adjustments to the pay scales and salaries
- Financial result improved in part due to lower currency losses
- Cash-effective **tax rate** was 15.2% (prior year 15.7%)
- Earnings per share grew disproportionately by 36.4%
Very good order position and well-filled project pipeline create good prerequisites for further growth

Order intake in million euros

Order backlog in million euros

Frame contracts in million euros

- Record high for a first quarter
- Rise in all segments
- Several major international orders received
- Book-to-bill ratio improved to 1.35 (prior year 1.00)

- Increase in all segments
- 67% is due to be converted to revenue in 2017 and help to support scheduled growth

- Major orders in part recorded as frame contracts
Free cash flow remained at solid level in spite of higher capital expenditure

* continuing operations
Our target: to continue profitable growth with a corporate structure that is closer aligned with markets

Our tasks Our targets for 2018*

- Revenue of around 800 million euros by 2018 (including smaller acquisitions), of which more than 40 percent in Asia and the Americas
- EBIT margin of approximately 10 percent

*This presupposes that political and economic conditions do not worsen.
